THE MINISTER OF STATE IN THE DEPARTMENT OF DEFENCE PRODUCTION AND SUPPLIES IN THE MINISTRY OF DEFENCE (SHRI SHIVRAJ PATIL).. (a) Residents of the detached servant quarters, which were built before 1947, have been provided separate community type civic amenities including a common water tap for a group of 4 to 5 quarters. Temporary electricity connections have also been given to some of the quarters. These are very old structures and these are proposed to be demolished in due course. The quarters built after 1947 have basic amenities like water, electricity and sewerage.

(b) and (c) Trunk sewers in Delhi Cantonment were completed in two phases during 1983 and 1985. Action to connect the houses with these trunk sewers is in progress. This work has been affected by the paucity of funds and the need to rectify certain defects found in the sewerage system.
